DESCRIZIONE DEL PRODOTTO

CSA120CB DC/DC converter 24Vdc/ 12-15Vdc 7A

^{*} DC wide range input* Short circuit, overload, input and output overvoltage protections* Over temperature protection* Compact dimension
1 Please refer to the datasheet for more details2 Above overcurrent limit, the protection starts cycling in ON/OFF mode(hiccup autoreset), the maximum current supplied depends by the line resistance3 inrush current measured at Un with battery power supply; peak current varies according to the internal impedance of the current source and the resistance of the connections.4
The capacitors between phase and neutral, requires that the isolation tests are carried out in DC
