THERMAL TRANSFER

PRINTER

Smart-Print+

PLUG & PRINT

SMARTPRINT PLUS SYSTEM

cabur

The new printer SmartPrint Plus with thermal transfer technology is Cabur's answer to the many different needs in the world of industrial marking. Ideal for identifying terminal blocks, cables and electrical components. It is characterized by an attractive and functional design that makes immediate, simple and intuitive use and it is lighter and more manageable thanks to a new ultra-resistant ABS thermoplastic polymer shell.
Reliable, versatile, precise and fast SmartPint Plus allows to create high resolution prints for excellent quality and long-lasting markings.

With SmartPrint Plus you can print up to 100 tags in 6 seconds, identify terminal blocks made by Cabur and other manufacturers, single cables or bundles, buttons, electrical components and carry out the complete mark-ing of the outside panel. Ribbons are the longest on the market, with a highly competitive price.

The installation of the MarKing Pro XT software and the SmartPrint Plus printer on WINDOWS systems starting from WIN7 up to WIN10 is quick and easy and in seconds the printer will be ready for use.

The Multi-Page printing function allows to manage the printer directly by the buttons onboard the machine and allows easier and more practical use without having a PC nearby; the new multi-plate function allows to launch all the prints from pc at once and manage them directly from the printer, making the printing process faster and easier.

Equipped with a display and two control keys, SmartPrint enables the print-ing of alphanumeric texts, logos and graphic symbols on numerous mark-ing media:

- sleeve tags to identify wires
- adhesive cable marking labels
- tags for terminal blocks
- tags for push-buttons
- tags for contactors/PLCs;
- modular strips for electrical distribution panels
- panel identification tags.

TECHNICAL DATA	
Code	SMARTPRINTPLUS
Dimensions (DxLxH)	250 x 250 x 380 mm
Weight	9,5 kg
Display	LCD
Interface	USB 2.0
Resolution	300x600 dpi
Print Speed	19 mm/seconds
Windows support	Microsoft® Windows™ 7 o later
Power supply voltage	100-240Vac 50-60Hz
Current	1,5 A
Working temperature	+5°C +40°C
Print area	105 mm x 140 mm
Ribbon	high strength resin
Ribbon colours	Black, Blue, Red, Green, White

250 mm

250 mm

380 mm

THE PACKAGE INCLUDES
1 SmartPrint Plus printer
1 USB cable
1 Power cable
1 Power supply
1 Ribbon code RSP300BK
1 MarKing Pro XT Software, complete with user manual in electronic format
1 Plate Kit made up of •   • 1 PLT06 support plate for cable tags code NUT12S/NUT18S;   • 1 PLT01 support plate for FLAT series tags code NUT FL-TAP-TAV-TAM - TMM - SIM

Easy to use for professional printing performance

Loading the card

Print in 6 seconds

Recovering the card
when printing is finished

Easy and fast ribbon replacement

Inserting the ribbon

Winding and locking the ribbon
